

Cutie pants fancy pants

Continue

Cutie Pants Girl is Fancy Pants Man's sister, and one of main characters in World 3 and The Fancy Pants Adventures for Consoles. Overview She first showed up in The Fancy Pants Adventures (for consoles). Cutie Pants Girl wears a purple dress and has transparent face and hair. She has been released as a playable character in the World 1 remaster, but you have to subscribe to Brad Borne's Patreon for \$2 or more. History Cutie Pants Girl lives in Squiggleville with her brother Fancy Pants Man. She owns a pet kitten named Kaboodle. During the events of World 3, Captain Rainbow Beard, after attempting to escape Fancy Pants Man, pets her Kaboodle. CPG beats him up, stating she doesn't want "some icky pirate touching her Kaboodle". The other pirates see this, and after finding her much more hardcore than their old captain, they proceed to capture her and make her their new captain. Along the journey to the pirate ship, she occasionally drops bottles with letters in them for Fancy Pants Man to find. She starts to like being the captain and when Fancy tries to save her, she says that being a Pirate Princess Captain is "far more interesting" than being his sister, as well as opening a trap door that makes him fall into a cave. When he returns to the pirate ship, it is completely over run by ninjas. Fancy defeats the ninjas, and then Captain Manly Beard (previously Rainbow Beard), who is attempting to take back the ship. After the fight, Cutie Pants Girl willingly goes home with Fancy Pants Man. Abilities She can use her kitten Kaboodle as a grappling hook to reach greater heights. She can make friends with lots of things easily. She can girlboss and gatekeep so hard its unreal She can beat the shit out of any weird older men and pedoes Baby/Diapering/Diapers/Training Pants Присоединяйтесь к Fancy Pants Man в увлекательных приключениях, которые могут продлиться весь год! The Fancy Pants Adventures – это необычный платформер, созданный в оригинальном и забавном анимационном стиле. Игра The Fancy Pants Adventures™ доступна для загрузки в

PlayStation® Network по цене 345 рублей и в XboxLIVE® Arcade по цене 800 Microsoft Points. Fancy Pants Man прославился своими приключениями в серии браузерных Flash-игр. С момента их появления более 50 миллионов уникальных пользователей сыграли в них более ста миллионов раз. Теперь и владельцы консолей смогут познакомиться с захватывающими и увлекательными эпизодами оригинальной игры наряду с новым миром, новым сюжетом и новыми режимами, созданными специально для этого проекта. В The Fancy Pants Adventures игрокам предстоит выступить в роли нарисованного «от руки» персонажа по имени Fancy Pants Man. В поисках похищенной сестры Cutie Pants владельцу знаменитых оранжевых штанов придется покинуть Squiggleville и пройти 20 уникальных открытых игровых эпизодов, преодолевая непростые препятры и сражаясь с комическими противниками в бонусных комнатах. По пути Fancy Pants предстоит открыть доступ более чем к 140 игровым объектам, включая 40 видов оружия, которое очень пригодится герою в борьбе с врагами. Чтобы сделать игру на консолях абсолютно незабываемой, в The Fancy Pants Adventures был добавлен еще один дополнительный элемент. Четыре игрока отныне могут вместе скользить, катиться и прыгать, помогая другу в совместном прохождении игры или устраивая дуэли за право называться лучшими. The Fancy Pants Adventures включает в себя коллективные режимы Co-op Story Mode, Races, King of the Hill и даже Tournaments - с поддержкой игры на одной консоли и в Интернете. The Fancy Pants Adventures разработана студией Over the Top Games в сотрудничестве с Borne Games и EA 2D, специальным подразделением EA, занимающимся созданием высококачественных игр для прямых продаж потребителям. Дополнительную информацию о The Fancy Pants Adventures вы можете получить на странице: www.ea.com/ru/games/fancy-pants-adventures. Want more? It even draws from some of the best games of its kind with level design and mechanics that seem to be a blend of Sonic the Hedgehog and N. Unfortunately, drawing comparisons between it and the platformers from which it has taken its inspiration only highlights the games problems. The "plot" of the game isn't really that important, but here's a quick summation. There are pirates, and they've kidnapped your sister Cutie Pants. So, the Fancy Pants Man has to go rescue her. Also, there are spiders or . . . maybe they're dust mites. I'm not exactly sure, but you have to jump on their heads to kill them. The whole thing's rendered in a cartoony style that is evocative of any one of a million flash games that involve stick figures, and the whole thing is very minimalist, which is perhaps one of the reasons that I was reminded so strongly of N (because that also involved a stick figure character running about levels). However, N is more about getting out of the room by solving the puzzle (which involves lots of jumping and split-second timing) rather than just progressing through the level by making the jumps at the right times (which is really more of a Sonic thing). And, oh, the level design. I will admit that I did enjoy the level design a good deal — there are multiple paths, and as there is no timer, there's no pressure to get to the end with any sort of speed (indeed, each level has a couple of secret areas that you can find for points/achievements). This is both a blessing and a curse, however, as I found it difficult to actually keep playing when really there was no pressure on me to continue. Even with the lovely level design, I never really felt drawn in to explore or to get to the end. I was merely dropped into the level, and then it was as if the game felt as if it had done its job by loading the level and felt no real need to prod me forward. Despite the level design being good, I still didn't really feel like I wanted to play the game. It failed to hold my attention, possibly due to the nagging feeling that we've seen this before. You can play multiplayer, apparently, but I couldn't convince any of my friends to buy the game — mostly because they all responded "but I have New Super Mario Bros." or "I have Sonic" or "shut up." The real problem with Fancy Pants Adventures is that because it does not bring anything new to the table (apart from pants which are supposedly fancy), the onus is on the gameplay to be refined to the point where it rises above all who came before. Fancy Pants Adventures suffers from too much momentum behind Fancy Pants Man, so that it feels as if the whole thing takes place on a skating rink. Changing directions will often lead to the unfortunate Fancy Pants Man to skid in the opposite direction for a little while. It doesn't seem to be related to momentum either, as taking a mere two steps in one direction and one step in another causes the same skidding. It makes the controls feel sloppy in a way that controls for a platformer never should. With a little more polish, this could be a great game. As it is, Fancy Pants Adventures is just shy of average. Sold Out Over the Top Gamesからリリースされた『Fancy Pants』はアーケードゲームだ。apkfab.com/jpから『Fancy Pants』のファイルサイズ(APKサイズ) : 170.67 MB、関連ムービー、pv、スクリーンショット、詳細情報などを確認できる。apkfab.com/jpではOver the Top Gamesより配信したアプリを簡単に検索して見つけることができる。『Fancy Pants』に似ているアプリや類似アプリは200個を見つける。現在、Fancy Pants Adventures appのダウンロードも基本プレイも無料だ。『Fancy Pants』のAndroid要件はAndroid 5.0+なので、ご注意ください。APKFabあるいはGooglePlayから『Fancy Pants Adventures apk』の最新バージョンを高速、安全にダウンロードできる。APKFab.com/jpでは全てのAPK/XAPKファイルがオリジナルなもので、高速、安全にダウンロードできる。Run through dense forests, underwater caverns, and pirate ships in search of your kidnapped sister in this epic platformer game.
